

The Kitten Package

Please ring practice for the price of our Kitten Package.

If you take up our kitten package you will be giving your kitten the start in life it deserves.

Not only will they receive all the preventative vaccinations and treatments that they require but you will be able to get help and advice on health and behaviour from our experienced staff over 5 separate visits.

In addition your kitten will be Identi-chipped and will receive its first bag of Royal Canin complete kitten food.

Ask at reception for further details. Terms and Conditions Apply

What's included?

- 1** Complete Kitten Vaccination Course
Feline Flu, Enteritis and Feline Leukaemia
Given as two injections 3 weeks apart.
- 2** Identity Chip
A microchip which is inserted under the skin. It works like a barcode to give your kitten a unique identity. Primarily used to reunite owners with lost cats but also essential if you intend to travel abroad under the Pet Passport Scheme.
- 3** 2 kg bag of Royal Canin Kitten Food
Royal Canin Kitten Food is a complete diet which is from a range exclusive to veterinary surgeons. It has been designed to give your kitten everything it needs for healthy growth.
- 4** 3 months supply of Advocate
Advocate is a spot on all-in-one kitten wormer and ear mite treatment. It also kills adult fleas and prevents flea larvae from hatching.
- 5** Free monthly nurse checks
Your kitten will receive a free monthly check starting a month after the first vaccine. These will continue until six months of age.
