

The Puppy Package

Save over £10 when you purchase our Puppy Package.

If you take up our puppy package you will be giving your pup the start in life it deserves.

Not only will they receive all the preventative vaccinations and treatments that they require but you will be able to get help and advice on health and behaviour from our experienced staff over 5 separate visits.

In addition your pup will be Identi-chipped and will receive its first bag of Royal Canin complete dog food.

£85

Ask at reception for further details. Terms and Conditions Apply.

What's included?

- 1 Complete Puppy Vaccination Course**
Parvovirus, Distemper, Canine Viral Hepatitis (CVH), Canine Adenovirus, Leptospirosis Canicola and Icterohaemorrhagiae , Parainfluenza , Coronavirus - (unique to the Procyon vaccination.)
Given as two injections 3 weeks apart.
- 2 Identity Chip**
A microchip which is inserted under the skin. It works like a barcode to give your dog a unique identity. Primarily used to reunite owners with lost dogs but also essential if you intend to travel abroad under the Pet Passport Scheme.
- 3 4 kg bag of Royal Canin Puppy Food**
You will receive a 4 Kg bag of Royal Canin Puppy Food which is from a range exclusive to veterinary surgeons. It is a complete diet which has been designed to give your puppy everything it needs for healthy growth.
- 4 3 months supply of Advocate**
Advocate is a spot-on preparation which is an all-in-one treatment for puppy worms, skin mites, ear mites, lungworm and lice. It also kills adult fleas and prevents flea larvae from hatching.
- 5 Free monthly nurse checks**
Your pup will receive a free monthly check starting a month after the first vaccine. These will continue until six months of age.
